Re: Combined federal comments to
the SWRCB?

Bruce, et al.,

I have attached another revision of the ppt that we plan to present to the SWRCB on April 22. We've incorporated comments from our solicitor and others. We are on a path to have Interior collaborate on a statement to the SWRCB.

Please call or email me if you have any questions,
Roger
(916) 414-6537

(See attached file: SWRCB SJsalmوندهcline_04_02_09.v3.ppt)

Bruce, et al.,

Thank you for the email. The vacation did me good, and now I'm still catching up with my unread emails. I will be discussing your draft comments with my management tomorrow. I am also meeting with my USBR counterparts and Interior solicitor tomorrow to discuss Interior's draft statement to the SWRCB. I will email or call you tomorrow afternoon.

Meantime, I have attached a revised ppt that we plan to present to the SWRCB on April 22. Let me know if you have any comments or suggestions.

Roger

Combined federal comments to the
SWRCB?

Welcome back Roger -- hope the vacation did you good. Rhonda and I interacted a bit while you were gone. I am including Pat Brandes in this email chain, since she has the most direct involvement in the issue of San Joaquin inflows and salmon survival of any of us. I am attaching a draft of possible joint comments. Let me know if you think this has merit and if so when to get Cay, Karen and Maria involved.

see attached and don't feel any need to be gentle

Bruce
